

## Online Minutes for July 2011 Meeting

### Susan Holdeman

Susan stopped in the office to confirm that the August 18th meeting date was fine with her. As well as giving her approval for the agenda, minutes and other attachments.

### Jake Hortenstine

Everything looks fine.

August 18 works for me as meeting date.

I spoke with Dan Doedtman Effingham County chairman. Effingham would like to continue with Tony as their part time RC. We will need to address this in August meeting. This part time work is a great money saver for both districts and I hope we continue. Any question talk to Tony.

Effingham County is very pleased with Tony's work

### Liz Heinzmann

Board reports looks fine. I can't make an August 18<sup>th</sup> meeting but proceed without me. Did the Transect Survey ever download?

### Answer to questions:

The Transect Survey never would upload so Elliot Lagacy, Regional Rep., came to the office, made a copy of the file, took it back to his office and is going to make sure that it is uploaded to the system for the district. No one is sure why it won't upload but it is not the first time it has happened.
