### **Monsanto Give-Away DUE Nov. 30**

The Monsanto Fund is launching its second America's Farmers Grow Communities program in which farmers may select their favorite non-profit organization to receive **\$2,500** within their county. The grants are randomly selected per county, and the program will run from Aug. 1 through Nov. 30. The process is very simple. It takes 2-3 minutes to apply at [www.growcommunities.com](http://www.growcommunities.com). No purchase is required. It's simply a way for them to give back to local communities. A random drawing of one registered farmer from each county will result in **\$2,500** going to that farmer's designated organization. Please consider registering today and selecting your local county 4-H program as your chosen non-profit to receive the award if your name is drawn. Go to [www.growcommunities.com](http://www.growcommunities.com) for more information. All you have to do is drop your name in the "e-hat!"
